SUBJECT:

Nominations for JAEIC Positions [Redacted]

25X1

1. Per the DDS&T's request at the 29 August Directorate Staff meeting, I am forwarding copies of the attached memorandum from the Joint Atomic Energy Intelligence Committee (JAEIC). The memo advises that the JAEIC Secretariat is being expanded by two positions. The Executive Director has asked if the DS&T has any candidates to consider for these positions. [Redacted]

25X1

2. The two billets will be rotational assignments at the GS 14/15 level. The attached memo provides particulars on the positions. A nuclear background is not a requirement. [Redacted]

25X1

3. Please review the memo for details and advise me by COB 7 September if you have any individuals you wish to nominate. [Redacted]

DIRECTOR OF CENTRAL INTELLIGENCE
Joint Atomic Energy Intelligence Committee

17 August 1988

MEMORANDUM FOR: Executive Director

SUBJECT: New Positions at JAEIC Office

1. This letter asks for your help in finding outstanding individuals to work in an expanded Joint Atomic Energy Intelligence Committee (JAEIC) Secretariat. ☐

25X1

2. The JAEIC is chartered through DCI Directive 3/9 to advise and assist the DCI with respect to the production of national intelligence on foreign atomic energy issues including, but not limited to identification of new collection systems, assessing responsiveness of intelligence production, and supporting international atomic energy intelligence conferences. The Committee is essentially an all volunteer organization and all members and working group participants have other full-time responsibilities. Until now the only dedicated resources were an executive secretary and an administrative secretary. Recent developments have strained the existing resource structure at the JAEIC:

a. A new emphasis on treaties involving nuclear weapons and the resulting Intelligence Community monitoring responsibilities.

b. A strong push by the Deputy Director for Requirements and Evaluation of the Intelligence Community Staff to insure that production requirements are considered in all decisions on funding for collection programs.

c. A commitment by members of the Nuclear Intelligence Community to address issues as a group in order to define Intelligence Community views. ☐

25X1

3. To more effectively address the developments outlined above, two new billets are being established at the JAEIC Secretariat Office. The billets may be filled with rotational individuals at the GS 14/15 level. A nuclear

background is not a requirement for these positions, however we are looking for highly motivated individuals who can help the JAEIC in any of the following areas: tracking programs and budget build, developing specific collection requirements, working nuclear treaty monitoring issues.

25X1

4. These positions offer a challenging and exciting career opportunity providing individuals with a chance to contribute to our efforts to resolve some very difficult and important nuclear intelligence issues, to work more closely with collection committees, and to get a better over view of the budget process. I solicit your support in disseminating this information to qualified individuals in the Central Intelligence Agency. More details on the responsibilities of the position and nature of the work will be available through the JAEIC office at
